

Parenting Tip of the Week

We need your feedback about parent and family engagement!

Parent and family engagement is an important touchstone for BCPS. First adopted in 1991, [Board Policy 1270](#) discusses the value of parent and family engagement and its relation to student success.

This fall, BCPS is reviewing Policy 1270 for any needed updates. We always welcome your feedback about the policy. Please visit one of the following events to share your comments or send them to parentu@bcps.org.
