PRINCIPAL'S MESSAGE:

It is hard to believe we are almost exactly halfway through the school year! This time of year always provides us with an opportunity to celebrate our accomplishments while we continue to move forward.

As a parent, I know everyone is excited to see how their child did on their report card. As you take time to celebrate your child's progress, please consider taking a minute to recognize the teacher or teachers who have helped your child. I also encourage you to confer with your child's teacher to discuss specific ways to address any academic needs your child may have.

We look forward to a productive second half of the year as we continue to work together to challenge each of our students to reach his or her full potential.
